

# 2023 HOSANNA SCHOOL PHOTOS - A WARM WELCOME!

Greetings, lovely parents and guardians,

I'm Karen, your friendly photographer from Karen Keller Photography. I want to extend my heartfelt thanks for choosing me to capture those precious moments with your little ones this year. It's going to be a blast! This year, we're doubling the fun with not one but two fantastic setups. While I can't give you a sneak peek just yet, I promise you won't be disappointed. For the first setup, envision simplicity and the cozy embrace of fall. Picture pumpkins, straw, and accents that bring out your child's unique personality. – Now, let's talk about the second setup. It's all about a simple tan paper backdrop and a single chair. This setup is designed for close-ups and capturing those delightful expressions that make your child unique. Your photos will wing their way to your email in approximately 1.5 weeks, and from there, you can handpick the images that tug at your heartstrings. I'm absolutely thrilled to meet your little ones and freeze those beautiful smiles in time. Thanks again for entrusting me with these special memories.

Let's make this a year to remember!
